

## The Workhorses Day

The Danish Driving Federation invites you to the European Championship in logging and ploughing with horses. It takes place on the 25-26 of August 2018 at Nørre Vosborg in West Jutland, DK.

Nørre Vosborg is an old manor with great traditions in driving with horses. For many years there have been different kinds of competitions with horses and wagons.

The ploughing competition takes place on both days with one field for each day. The rules will be eased according to the present Danish rules. Further more, the audience will take part in the judgment of the competition, by voting for the best equipage.

The logging competition will also take place on both days. There will be competed in three different disciplines:

- Dragging a long piece of timber through different obstacles
- "Lynbænk", placing 7 pieces of timber on a line (see picture below)
- Driving with a sledge and on and off loading timber from the sledge

In the logging competition it is possible to participate with either one or two horse teams.

For participant outside Denmark, no qualification is needed. There will be a limit for the number of Danish participants.

Besides ploughing and logging, there will be other activities, such as ConCuier, shows with the theme "When granddad was young" and auctions with horse wagons, veteran tractors and perhaps horses.

For participant it is possible to book a place on the campsite or a room on the hotel at Nørre Vosborg. Horses can be housed either inside in a box or outside in fences. Both options are included water and straw.
